

Meet A Columban Missionary - Marjorie Engcoy in Fiji

Dear Parishioners,

We are living in unprecedented times, we do hope you, your families and your communities have remained safe and well. Coming together virtually over the last few months has been a source of comfort and support for many. Some of you will have accessed Mass online and kept in touch with one another using video conferencing technology.

In light of current restrictions and being unable to come to the parish in person to share with you real life encounters from our mission work overseas, the Columbans in Britain would like to invite you to instead join a virtual encounter with Marjorie Engcoy, a Columban Lay Missionary from Fiji.

WEDNESDAY 16th SEPTEMBER 2020 at 19:00.

Before joining the Missionary Society of St. Columban, Marjorie was an English teacher for five years. Growing up she met a number of Columban missionaries; priests, nuns, and lay. Their presence in her community helped to ignite her desire to become a lay missionary and establish her personal relationship with God. In mission, she has been involved in various different ministries such as youth, children, women, liturgy, evangelisation, leadership and JPIC. Marjorie looks forward to explaining some of these ministries in more detail and how through her mission work overseas she has experienced God's love and His promise; *"I will be with you, always."*

The free hour-long call will include prayer, a short introduction and then move to question and answer. We hope this will be a real encounter, not just a thing to watch, so numbers will be limited. We look forward to getting to know you a little bit too!

The webinar encounter will be held on Zoom. Besides access to a laptop, computer, tablet or mobile phone, a robust internet connection will also be required.

If you're keen to participate, please register your interest at <http://tiny.cc/MeetaColumbanMissionary>

Attendees will receive a link to the webinar a few days before the event in a reminder email. Full details about signing into the webinar and how to navigate around Zoom will also be included in this email along with a phone number for anyone experiencing technical difficulties. We'll gladly arrange a practice Zoom webinar for those looking to test their connectivity and ability to login to Zoom.

We look forward to seeing some of you there!

May God bless you and keep you and your families safe.
